Dr. Kuether received his Chemical Engineering degree from the University of Kansas in 1989 followed by his medical degree in 1993. He completed 7 years of neurosurgical residency at Oregon Health Sciences University. Dr. Kuether added additional training with a Fellowship in Neurointerventional Radiology from the Dotter Institute at OHSU. He also served as Assistant Professor of Interventional Neuroradiology at the Dotter Interventional Institute until 2000 when he began his private practice.

Dr. Kuether is board certified in Neurosurgery and a member of the American Association of Neurosurgeons. Dr. Kuether performs all aspects of brain and spine surgery including complex tumors and reconstruction, non fusion technology such as artificial cervical disc replacement and emphasizes minimally invasive techniques throughout his practice. He has received additional training in endovascular surgery specializing in the treatment of cerebrovascular diseases including aneurysms, arteriovenous malformations, and stroke.

In addition to his private practice, Dr. Kuether takes call at Legacy Emanuel's Level 1 trauma hospital. Dr. Kuether is the Director of Neurotrauma at Legacy Emanuel Hospital.

Dr. Kuether is surrounded by an excellent team. Long time employees Nita, Michele and Amanda make Kuether Brain and Spine a family atmosphere. Nita and Michelle are assistants in the office, while Amanda is a surgical physician assistant who assists in the operating room as well as sees individual patients.
